## Preamble and affected products

The currently available SLC USB Sticks in the B&R product portfolio are discontinued by supplier Swissbit.

The following products are affected:

Material number	Material description	Reference price Z0 [€]
5MMUSB.2048-01	USB 2.0 Memory Stick 2048MB B&R	48,60
5MMUSB.4096-01	USB 2.0 Memory Stick 4096MB B&R	60,20

## Replacement product

To streamline the portfolio and on behalf of the demands, we will offer only a 4GB SLC USB stick version.

Material number	Material description	Reference price Z0 [€]
5MMUSB.4096-02	USB 3.0 Memory Stick 4096MB SLC	60,-

For more details kindly look at the SN 24/2022 "Announcement of SLC USB Stick"

## Lifecycle data & order procedure

B&R will offer a fully compatible successor product, therefore we will not offer any last time buy option for the customers.

The change to the successor version will be done by B&R HQ, after the complete clearance of the stock of the discontinued products.

The following lifecycle data will formally be entered in SAP:

2022-12-31 Last Time Buy  
 2024-12-31 Last Shipment  
 2026-12-31 End of Repair

## Discontinuation note to customers

All customers who have purchased the discontinued material numbers in the last three years must be informed of this discontinuation.

The necessary discontinuation notice will be available soon and will be distributed via SAP-generated emails.

The fluent changeover will take place approximately between Q4/2022 and Q3/2023, depending on the remaining stock quantities of the discontinued products and upcoming demands.
