Creation Date	01 Jan 2022
Last Modified Date	08 Aug 2022
Author(s)	Wilfried Guerry
Sales Notice Type	Product-related
Portfolio Line	Motion and Mechatronic Systems
Quicklinks	
Status	VALID
Confidentiality	GLOBAL

General

Our connector supplier is facing plastic insulator shortage and production bottleneck.

Therefore, plastic insulator inside connectors will be temporary replaced. The brown female connector (insulator) currently unavailable will be replaced with a black one.

All other technical information such as electrical isolation, certification etc. still unchanged. It is only pure visual change.

This temporary change is immediately applied and could last till end of the year 2022.

Impacted part numbers

Part numbers	ACOPOS family	Description
8BCH0xxx.1111A-0	ACOPOSmulti	Motor hybrid cable 1.5 mm ²
